Pillow Top - Reversible for Two Sides of Comfort

Features and Benefits

Lura-Flex Alternating Coil Support System

The Palace Suite features the high profile 5 zoned Lura-Flex offset spring support System with foam encased rails. Each coil flexes independently for greater sensitivity to body contours and more durability with less friction.

Coil counts for this unit are as follows:

- 660 coils in Full
- 800 coils in Queen
- 1024 coils in King

Premium Comfort Materials

The Palace Suite sleep system contains the highest quality specialized foam products that are rated above industry standards. The high density foam layers are not only more resilient but also afford a higher level of support and conformability.

Elegant Fabrics

The elegant woven damasks used to create our Hospitality Collection of beds are of superior quality and are designed to enhance comfort.

Natural Flame Retardant Materials

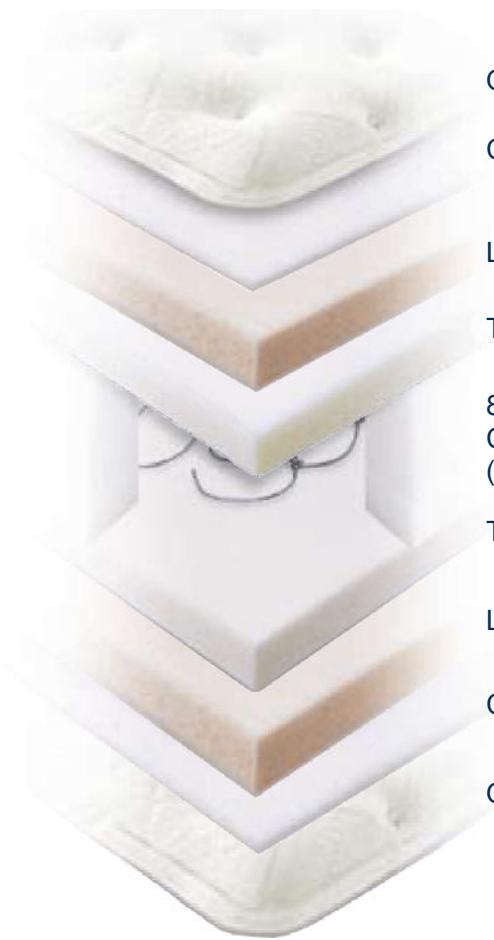

International Bedding's Hospitality Collection consists of a chemical free "natural" fire barrier:

- Inherent fire resistant fibers make it permanently flame retardant
- Does not cause skin sensitization or irritant reactions
- Biodegradable
- Moisture regulating properties provide comfort
- Meets or exceeds 15 international standards including CFR 1633 and CFR 1632

Foundation

The Palace Suite is made with a Semiflex metal box with extra center supports. The upholstery is composed of a pad and non-skid flame retardant top finished off with an elegant quilted damask border.

Warranty

10 years with the first 5 years at 100%.

About International Bedding

International Bedding is one of the largest independently owned bedding manufacturers in the United States. Established in 1973, the firm was listed by Furniture Today as the bedding industry's seventh largest manufacturer in 2008.

International Bedding has six wholly owned manufacturing facilities across the country that enable the company to design, manufacture and distribute the finest sleep systems from low cost dormitory products to complete premium lineups.

International Bedding Corporate headquarters are located at 1000 NW 65th St., Suite 103, Ft. Lauderdale, FL 33309. For more information on International Bedding Corporation or its hospitality sleep systems, call David Dombar at (877) 524-6523 or visit www.ibcgroupp.com. International Bedding and the International Bedding logo are trademarks of International Bedding.
