Latex Euro Top

Features and Benefits

Lura-Flex Coil Support System

The Charleston features the high profile Lura-Flex alternating coil spring support system. Each coil flexes independently for greater sensitivity to body contours and more durability with less friction. Coil counts for this unit are as follows:

- 660 coils in Full
- 800 coils in Queen
- 1024 coils in King

Edge Support: High-density foam-encased rails for additional support and a firmer seating edge and sleeping surface right up to the edge of your bed.

Premium Comfort Materials

The Charleston sleep system contains the highest quality specialized foam products that are rated above industry standards. The high density foam layers are not only more resilient but also afford a higher level of support and conformability.

Elegant Fabrics

Three-ply, heavy-weight circular-knit that stretches in all directions, adding a new dimension in comfort. Features a refined, elegant pattern for superior styling.

Natural Flame Retardant Materials

International Bedding's Hospitality Collection consists of a chemical free "natural" fire barrier:

- Inherent fire resistant fibers make it permanently flame retardant
- Does not cause skin sensitization or irritant reactions
- Biodegradable
- Moisture regulating properties provide comfort
- Meets or exceeds 15 international standards including CFR 1633 and CFR 1632

Charleston

10 year non-prorated warranty

About International Bedding

International Bedding is one of the largest independently owned bedding manufacturers in the United States. Established in 1973, the firm was listed by Furniture Today as the bedding industry's seventh largest manufacturer in 2008.

International Bedding has six wholly owned manufacturing facilities across the country that enable the company to design, manufacture and distribute the finest sleep systems from low cost dormitory products to complete premium lineups.

International Bedding Corporate headquarters are located at 1000 NW 65th St., Suite 103, Ft. Lauderdale, FL 33309. For more information on International Bedding Corporation or its hospitality sleep systems, call David Dombar at (877) 524-6523 or visit www.ibcgroup.com. International Bedding and the International Bedding logo are trademarks of International Bedding.
